

Advanced Program Online

RISD's Advanced Program Online is a college-level certificate for committed art students in grades 10-12 or equivalent. Designed for those who are interested in pursuing art and design in college, Advanced Program Online instructs students in best practices for developing college application portfolios.

Gain a foundation in the two Essential Fundamentals courses and go in more depth in the two-course Concentration. In both the Fundamentals and the Concentration levels, respond to prompts and assignments that will challenge you to develop your unique vision. Courses consist of weekly independent work time and weekly synchronous discussions with your peers. These collaborative discussions provide a wealth of feedback from a community of peers from around the globe.

Total Program Cost: \$5,520

Based on current tuition rates; subject to change over the course of your program. Service fees, supplies, software subscription fees and other materials are not included.

ONLINE LEARNING

Interact with your instructors and peers in two ways: live Zoom sessions and through our online learning management system, Canvas. Instructors use a mix of live and recorded video sessions to provide personalized feedback. Personalized critique from your instructors and your peers will allow you to identify your strengths and growth areas, empowering you to make incredible advancements in your artwork.

These courses mix synchronous (live) and asynchronous (recorded) activities. This means:

- Zoom sessions will be at a set date and time in Eastern Standard Time. You will be required to attend and be an active participant.
- In addition to the Zoom sessions you will log into Canvas daily to post images, participate in discussion boards, watch demos and tutorials and keep pace with assignments.
- You'll have access to the online course content any time of day or night.
- The majority of class content, demonstrations and tutorials will be online. Assignments will be completed independently.
- You will need to schedule your own study, research and creative time.

WHO SHOULD ENROLL?

Advanced Program Online is for students who:

- are in grades 10–12 or equivalent
- are 15–18 years old
- are serious about studying art and design
- are considering a college track in art or design
- would like to build a college application portfolio
- want to set up their own studio and improve their ability to work independently
- would like to increase their ability to communicate about their work, and the work of others
- are curious about contemporary art
- prefer a flexible schedule with classes that can be taken from anywhere
- want to engage with experienced instructors who are professional artists and designers
- are looking to connect with like-minded peers from around the world

WANT TO KEEP TAKING COURSES?

Individual courses can be taken more than once. Students can also take another Concentration in a future semester to explore multiple areas of interest in-depth. Visual and Critical Language is a requirement for each Concentration, and the course content will relate to the Featured Topic.
